Barn Owl Homework tasks:

I Must…..

Read my reading book **every** night – this does not have to be the whole book! Practise reading fluently and with expression. Remember to predict what might happen next.

Practise my spelling activities **to help me recognise and use the spelling patterns.**

Learn to spell and read the words on my CEW list (Common Exception Words list) – by the end of year 2 we should know them all!

Practise my handwriting: can you join your letters, make them the right size and make sure they sit on the line correctly?

Practise partitioning numbers into tens and ones in different ways (e.g. 53 = 50 + 3/ 40 + 13/ 30 + 23)

Practise making fact families (e.g. 70+30=100/ 30+70=100/100-70=30/100-30=70)

I can also…..

Write a story with a wizard/witch as the main character. What will your setting be? What will be the problem?	Take a survey of your family and friends. You could find out their favourite animal/book/Harry Potter character/food. Make a pictogram to show your results. You could ask some questions about your pictogram for me to answer.
Find ten objects from around the house. Can you measure them with a ruler? Then put them in order from longest to shortest. How much does each item weigh? Now order them from the heaviest to the lightest. Was the heaviest also the longest?	Can you write some instructions? This could be for how to ride a broomstick/how to play quidditch/how to defeat the terrible wizard/witch.
Can you design and make the fastest broomstick you can dream of? What makes it so special? What features does it have?	Make a magical object from your favourite magical story. This could be the Night Bus from Harry Potter/Winnie the Witch's hat/the magic porridge pot. You could use whatever materials you like!
What different materials can you find around the house? Which would be the best/worst to make: • A hat • An umbrella • A car • A table • A mirror • A cuddly toy Why?	Learn a magic trick! Can you astound us with your skills?!
