

*Information for Parents
Summer Term 2017*

Class: Tawny

Teacher: Miss Haigh & Miss Donoghue (Student teacher)

HLTA: Mrs Key

Assistant teachers: Mrs Ryan, Mrs Anderson. Mr Whitehouse

We are now back and ready for our summer term! Tawny Owls had a great spring term learning about the Normans. They have been working on their story writing skills and fraction work in maths. The children really enjoyed our street dance sessions and have shown some real talent and enthusiasm.

This term we will be looking at Ancient Greece and learning all about the Greek Gods. Our science focus will be looking at plants and living things. Manchester is fast approaching and there will be learning opportunities taking place to prepare children for their visit. This will include sessions around water safety for when we visit the canal. Please continue to practice times tables regularly as these are crucial skills to speed up the children's instant recall throughout the various maths units.

In PE the children will be working on gymnastics and Tri- golf. Then later in the summer term we will start our swimming sessions at Selby leisure centre. Please ensure children have their indoor and outdoor kits in school every day. Also please ensure the children are prepared for the warmer weather with sun cream and hats as outdoor learning will take place.

Spellings will continue to be handed out on a Wednesday and updated on Spellodrome. Please make sure these are practiced regularly as we have tests every half term. The children produced some amazing pieces of homework last term which was shared and enjoyed by the children in class. Any questions then don't hesitate to pop in.

Thank you
