Road Safety

Further to our text message sent on Monday, we remind all parents that the road works on Main Road, Hambleton are currently making the crossing of the road extremely dangerous. Please take care and for any older pupils who cross the road themselves, we ask that parents please instil in them the places to cross safely. In some places, the footpath is very narrow and when trucks pass by, they are very close to the footpath.

Riding Bicycles & Scooters to School

We really encourage walking, cycling etc to school. Of course, tying in with our first paragraph, safety must be paramount and we ask parents to please remind children to wear helmets and ride sensibly on the busy roads.

All riders of bicycles, scooters etc **MUST DISMOUNT** at the **school gates** and **push their bicycle/scooter down the footpath**. No one (parents or children) should be riding their bicycles or scooters either on the school drive, school footpath or playground.

We have once again received complaints by parents/carers that they have nearly been mown down by children in the playground or on the footpath. Thank you.
