Well, I am pleased to say that Hambleton does not suffer from this. Our governors come from very varied backgrounds and bring a wide range of skills and experience. But above all, they are very passionate about getting on and making decisions that drive actions to help our children, rather than it just being a talking shop. The Board of governors meets at least once a term to set and review plans regarding the school performance, resources/finances and the general operational needs of the school. A number of areas, including School Improvement and Resources, require additional committees that look into each area in much more detail. Governors are selected for these committees based on skills and experience relevant to that area. With a background in commercial finance, I am a member of the Resources committee, where we ensure that we keep tight control on our finances, as well as maintaining our premises. This tight control enables us to maximise the funds available for additional educational opportunities, such as Maths Mastery and off-site visits. If you would like to know more about what the Board of governors is doing, or possibly to discuss what you feel it is not doing, then please let me or one of the other Parent Governors know."</p> <hr/> <p>Children In Need Mary Savage from Snowy Owls class is walking from Selby to York (15 miles) this weekend to raise funds for the Children In Need appeal. If anyone would like to support her by donating, they may do so online at: mydonate.bt.com/fundraisers/stevensavage1 Good luck Mary!</p> <hr/> <p>Poppy Appeal Poppies will be on sale this week in school. All children will be given the opportunity to buy one and we recommend a minimum donation of 50 pence please.</p>

Have fun but **STAY SAFE if attending bonfire/firework celebrations this weekend**
