Historian	A person who studies the past using different sources and then helps us to understand by writing books or articles
Primary source	Information which dates back to the time being studied e.g. an article or artefact
Secondary source	A book or articles which takes information from primary sources to help us understand history

## Knowledge Bank (Year 3)

### The Romans invasion of Britain

- To know the reasons why the Romans wanted to invade Britain (to gain access to resources, to expand the empire, for power, to use the Britons as slaves)
- To know how the British responded and fought back against the Roman army (the Romans were only successful on their third attempt, Boudicca's uprising)
- To understand why the Roman army was so successful (well organised, highly trained, sophisticated armour, physically fit, formations to protect themselves, never giving up)
- To infer about life in Roman times from artefacts.
- To know how the Roman occupation changed life in Britain today (roads, plumbing, different foods, bath houses, education, laws, Latin, Christianity).
